And because it's **CLEAN**, you can hire us without worrying about offending the boss! Your show can be customized to your business. Since the show is interactive, we can bring your co-workers up on stage with us, perform skits about your company, even spoof your competition.

All in the name of good fun!

What is The National Comedy Theatre?

The National Comedy Theatre is a hilarious, audience-interactive comedy show featuring a talented cast of comedians, who perform a series of improvisational comedy scenes, all based on suggestions from the audience.

NATIONAL COMEDY THEATRE

No two shows are ever the same because each show is completely improvised. The audience is involved throughout the entire performance - providing suggestions, and becoming onstage volunteers throughout the show.

And it's clean!

The NCT is one of the few comedy shows that is suitable for all audiences.
